USE
JOHN LUCAS & CO'S
PURE
READY MIXED

TINTED GLOSS PAINT.

HOW

TO PAINT. Purchase good material. A careful comparison of cost considering durability, beauty and convenience, will convince you that it is true economy to use LUCAS' PURE TINTED GLOSS PAINT.

BECAUSE, They are as DURABLE as any paint mixed in the old way. Contain NO BENZINE and HAVE NO OFFENSIVE ODOR to cause sickness to both painter and householder. They are CONVENIENT, BEAUTIFUL and economical, a surface can be well painted at 25 per cent. less cost than with other paint. YOU RUN NO RISK, If applied as directed the paint is

GUARANTEED.

Any one can apply it, but where practicable, employ A PAINTER, who even if prejudiced at first, will, after a trial, recognize the value of the Tinted Gloss Paint, and become its earnest advocate.

WHEN

TO PAINT. The Fall Season, if any, is preferable. Should you not complete your work or have paint left over. LUCAS' TINTED GLOSS PAINT will not spoil, and, as there is no benzine to evaporate, the paint will be found all right and ready for use in the Spring.

WHERE

CAN IT BE HAD. Any of our agents, or storekeepers will furnish the paint, sample cards, or estimates, etc. For this section, call on
